

Municipal Pension Plan Redesign Information Sheet

What is happening?

The plan partners (unions, government, UBCM) of the Municipal Pension Plan have come to an Agreement in Principle (AIP) on proposed negotiated changes to the pension plan. At this time, we are reaching out to members to share information about the proposed changes, answer questions, and hear feedback. When approved, these changes would only come into effect as of January 1, 2022 and would only apply to service after that date.

If a member wants to know how the changes directly impacts them:

- 1) Visit mppredesign.ca from September 14 onwards to learn more about the changes generally.
- 2) Use the **online calculator** to learn more about how the proposed changes effect members directly.
- 3) If a member needs help navigating the website, they can be directed to the **project's call centre**. Call centre staff cannot answer detailed questions about plan design.

Call centre hours of operation 8:30 am to 4:00 pm, open
from September 14 to October 23, 2020

1-877-251-0997

- 4) If a member has a question or comment, they can go online to mppredesign.ca and click on "**submit a question**" and that question will be directed to CUPE.
- 5) If a member still has questions or wanted to provide feedback, direct all CUPE member inquiries to: plandesign@cupe.ca
